## SUMMARY

---

Skilled front-end developer with expertise in HTML, CSS, JavaScript, React, and responsive design. Leverage AI for faster and more efficient solutions. Strong problem solving, performance optimization, and collaboration skills [click here](#).

## SKILLS

---

HTML | CSS/SCSS/Tailwind CSS with Responsive Design | Figma | JavaScript / GSAP | ReactJS | Prompt Engineering | Data Structures and Algorithms | DBMS

## EDUCATION

---

Computer Science Engineering at **Visvesvaraya Technological University , Karnataka** 7.1/10  
Class 12th at **Shiksha Niketan School , Jammu** 8.4/10

## PROJECTS

---

### GITHUB SEARCHER

[View Project](#)

Built a GitHub Searcher web application using HTML, CSS, JavaScript, and Tailwind CSS. Integrated GitHub API to fetch and display user details and repositories, demonstrating asynchronous JavaScript, API handling, and responsive UI design.

### PORTFOLIO WEBSITE

[View Project](#)

Developed a responsive portfolio website using SCSS and JavaScript with DOM-based time/date features. Leveraged prompt engineering and AI-generated visuals to enhance appeal, effectively showcasing projects, resumes, and personal details.

### RESTAURANT WEBPAGE

[View Project](#)

Developed a responsive restaurant webpage using HTML, CSS, and JavaScript with GSAP animations for engaging interactions. Incorporated AI-driven prompt engineering for design enhancements, ensuring visually appealing UI, smooth animations, and cross-device compatibility.

### UI DESIGN

[View Project](#)

Designed and developed a complete UI rapidly with the help of AI-driven prompt engineering, ensuring efficient project execution, effective management, and a modern, responsive, user-friendly interface.

## CERTIFICATION / COURSES

---

JavaScript Course by Scaler [View](#)

Developer's Virtual Experience by Accenture [View](#)

GenAI integrated with Full Stack Web Development by Sheriyans Coding School (Ongoing)
